

Project Profile

# Lake Mills Elementary School

Media Center

**Location**  
155 E Pine St  
Lake Mills, WI USA

**Industry**  
K-12 Education

**Size**  
93,284 SF

**Number of Students**  
600

**Completion**  
2014

**Furniture Dealer**  
Henricksen

**Design Firm**  
Eppstein Uhen Architects

**General Contractor**  
Miron Construction

**Installer**  
Systems Furniture  
Installations (SFI)

**Photographer**  
C&N Photography

*Learning Community*

Henricksen was invited to be one of the providers of furniture for Lake Mills Area School District. To earn this opportunity, we spent time with EUA and the representatives of the school district at our office in Brookfield to ensure that they were comfortable with our capabilities, our dedication to all stake holders and willingness to pursue furniture solutions unique to the project and complementing the district's mission.

The new facility provides nearly all mobile furniture to augment a practical, sustainable solution that can grow and change with the teacher and student needs. Students are empowered to move pieces on their own, share spaces and work in a manner that suits the task at hand.

*Small Group*

Classrooms use mobile organic shaped tables for ease of reconfiguration and provides the ability to set up a classroom in different ways for different types of instruction. The tables used were specified throughout the building for the different grades and can accommodate different heights. The design continuity also helps with inventory management and maintenance.

*Classroom*

*Small Group*

Learning happens everywhere in this elementary school. Space in hallways and corners needed to be planned with furniture in a smart way to allow for small groups of students to continue discussions and learning outside the classrooms. Furniture pieces provided allowed for casual settings with a condensed footprint to maximize spaces without feeling cluttered.

*Cafeteria*

The cafeteria is a highlight with a glass wall. Students have an easy connection to the outdoors and feel a sense of community within at the large tables designed for students of all ages and heights including ADA compliance.
